

Motor Protection and Control New AC1100 catalog now available

Document ID 1SXP100001K0201
Date September 2011

2011 AC1100 catalog now ready to ship.

We are happy to announce that the newest version of our motor control and protection catalog is in stock and ready to ship! Also, the catalogs have been uploaded to ABB.ca. Please click [here](#) to be taken directly to the download page.

Here's what's new in this catalog:

- all AF09 to AF2050 contactors conveniently in one book
- part numbers for through-the-door operators for MS116/MS132
- removed T7 overload relay and replaced them with the T16's
- electrical durability curves for AF09 to AF38 contactors
- IEC-rated DC switching capabilities of AF09 to AF38 contactors
- NEMA-rated contactor sizes N2, N3 and N4*

Catalog number to order: 1SXP100155C0201

* Please note that even though the catalog mentions A50N2, A75N3 and A145N4, if you order the previously mentioned contactors with coil codes -69, -70, -71 or -72 you will in fact be receiving an AF contactor.
