Document ID 1SXP150001K0201
Date September 2011

2011 AC1400 catalog now ready to ship.

We are happy to announce that the newest version of our pilot device catalog is in stock and ready to ship! Also, the catalogs have been uploaded to ABB.ca. Please click [here](#) to be taken directly to the download page.

Here's what's new in this catalog:

- compact illuminated pushbuttons
- a new 50 kOhm potentiometer
- new mounting tool to fit on power tools
- modular joystick and legend plates
- compact mushroom pushbuttons
- an easy, standardized form that must be completed for custom legened plates
- quick reference guide on inside-back cover for the most popular accessories
- an index to easily locate the page of the item you are looking for

Catalog number to order: AC1400
